I was an intern for **Atlantico VC** in São Paulo working 10 weeks on their annual Digital Report. It was an amazing learning experience and I recommend it to anyone interested!

It was a very worthwhile experience learning about **business law** and whether I'd want to go to law school or not. For now, I'm still undecided, but the internship exposed me to what other types of legal fields there are as well and that really broadened my view.

I also took ACCT 1020 this summer with **PennCap Funding**

This summer, I had the incredible opportunity to learn from the accomplished investment team at **Oakley Capital in London**.
